Join us for a tour of the 30 hectare nature reserve, created at the foot of the white cliffs at the time of the channel tunnel construction. Paul will tell us about the history and management of the site and show us the wildflowers, including Early Spider orchids, which grow in the richly diverse chalk downland.

The tour will be approximately 1.5 hours.

**(Please wear suitable footwear and dress for the weather)**

Samphire Hoe is accessed off the A20 Dover to Folkestone carriageway marked with a brown signpost. The car park is entered through a tunnel in the cliff, controlled by traffic lights. Currently, car park charges are £2 for over 2 hours. Meet outside the blue circular rangers' hut.
